

14 December 1970

MEMORANDUM FOR: Chief of Training, NPIC
SUBJECT : Tour of NPIC for GD/BGI

Please express our appreciation to all those who were responsible for the very successful NPIC Orientation Briefing and Tour for Geography Division personnel on 7 December 1970. The briefing was of significant value not only to the new members of this Division but also to the older participants, some of whom have dealt with NPIC for many years. The emphasis on the common interests of the two organizations was especially appreciated, and the opportunity to talk directly with analysts should lead to an increase in mutually beneficial working-level 25X1 contacts.

Chief, Geography Division
